

Craft House Honors 3 Aides

The spirit of teamwork is the outstanding characteristic of people who give their time, talents and services at Craft House.

MRS. GLENN J. Beeley, director, made this observation Friday at the 14th annual Pioneer Craft House Associates meeting, held at 7 p.m. at the house, 3271-5th East.

The Associates group is composed of all persons who teach, work on maintenance, or in any way assist in carrying out the craft center's objectives, she said.

HONORED AT the meeting

were three women who have given volunteer service continuously for one year, doing library work, putting up exhibits, teaching classes, and helping out in other ways. They are Mrs. Roy Von Elm, Mrs. Nora Welch and Mrs. Alice Pomeroy.

Mrs. Pomeroy was out of town and unable to attend the meeting, but a curator's pin was presented to each of the others by Mrs. Beeley, and will be presented to Mrs. Pomeroy on her return.

THE PIN, an original design, was fabricated in the Craft

House jewelry-making department by Jay Shurtliff, instructor.

Craft House originally was housed at Auerbach Co. store as a Utah Centennial project in 1947, and is official headquarters for the craft division of Utah State Institute of Fine Arts.

AT ITS PRESENT address, it is being developed through cooperation of individuals, firms, Granite School District, Salt Lake County Library, Utah State Institute of Fine Arts and the Utah State Agency for Surplus Property.
